Nationaler Workshop Biotreibstoffe - 29. September

Program available

The program for the national Workshop "Biotreibstoffe", which is only 2 weeks ahead, is now available:

09:00 Welcome and Introduction

Welcome statement, Michael Paula / Theo Zillner, bmvit
Recent developments in bioenergy and biofuels, Manfred Wöllrgetter, IEA Bioenergy
Biofuels production and use in Austria, Günther Lichtblau, Umweltbundesamt

10:00 Austrian Technology Providers

Commercial facilities for the production of lignocellulosic ethanol, Martin Lehr, Vogelbusch
Biomass gasification – key technology for the production of biofuels, Christian Aichernig, Repotec

10:45 Coffee break

11:15 Biofuels Research and Development I

Improvement options for the sustainability of FAME, Gerfried Jungmeier, Joanneum Research
Bioethanol from straw, endless story?!, Alexander Jäger, FH Oberösterreich
Production of FT-diesel, Reinhard Rauch, TU Wien

12:15 Lunch break

13:15 Biofuels Research and Development II

Research studio Austria – OptFuel: 2-stage anaerobic digestion of biowaste combined with power-to-gas, Johannes Lindorfer, Energieinstitut Linz
Utilisation of CO₂ and H₂ for the production of liquid biofuels, Günther Bochmann, IFA Tulln
Bioelectrochemical reduction of CO₂ to alternative fuels, Wolfgang Schnitzhofer, ACIB

14:15 Coffee break

14:45 Recent work of IEA Bioenergy Tasks

Progress on biorefineries, Michael Mandl, IEA Bioenergy Task 42
Biomethane - Status and factors affecting market development and trade, Fabian Schipfer, IEA Bioenergy Task 40
Production of advanced biofuels, Dina Bacovsky, IEA Bioenergy Task 39
Update on microalgae cultivation for biofuels and other markets, Andrea Sonnleitner, Bioenergy 2020+

16:15 Wrap up

16:30 End

Location: BMVIT, Radetzkystraße 2, 1030 Wien

For registration please contact: Martina Meirhofer: martina.meierhofer@bioenergy2020.eu
